Notes:

Registrants wishing to have their boats judged must indicate whether their boat should be judged as "Preserved" or as "Restored". A general guideline for wooden boats to be considered "Preserved" is the retention of at least 65% of the original planks, not considering the bottom (which is to be excluded from the originality determination). Other hull materials should follow similar rules. Owner's categorization will be accepted unless the judges find cause to determine otherwise, in which case the Chief Judge's determination will be final.

If you are displaying more than one boat, provide the boat information on a separate sheet.

Important Rules and Regulations for the

And All Future Shows at the CT River Museum

To follow are some very important “rules and regulations” concerning our 32nd Annual Antique and Classic Boat Show and subsequent shows at the CT River Museum:

- The Connecticut River Museum is a “**non-smoking**” venue and as such, no smoking is permitted on the grounds, the docks or any buildings within the museum proper.
- For those individuals bringing a boat in on Friday July 7th and placing it on the lawn, the museum has requested that boats being displayed on the lawn **not arrive any earlier than 1:00 p.m.** SNEC will have a designated chapter member available to ensure that the placing of the boats on the lawn goes smoothly. Boats may be brought in on Saturday from 7:30 a.m. to 9:00 a.m. Someone will be available to assist with the placement of boats on the lawn.
- Please be cognizant of the fact that the museum has just had their entrance and lawn redone, so we must be careful of sprinkler heads, plantings, etc.
- The Connecticut River Museum is the Permittee on any liquor served during our event and as such, **no liquor may be brought in by individuals**. There will be a cash bar at the Friday night cook out as well as before, during and after the dinner and awards ceremony on Saturday. **Any additional liquor consumed must be purchased through the CT River Museum bartenders.**

Launching at the Essex Town Ramp

The Essex town launch ramp is at the end of Main Street alongside the lawn of the Connecticut River Museum. We ask that all participating boat owners drive up to the ramp and prepare your boat for launching while you are waiting for the boats ahead of you to launch; once your boat is launched have someone move your vehicle and trailer to the trailer parking area. **Do not leave your boat or vehicle and trailer unattended at or near the ramp.** There will be a launch team available to assist you.

Launching at Haddam Meadows State Park

If you want to enjoy a ride on the River and launch and retrieve your boat in fresh water, you can use the State launch ramp at Haddam Meadows State Park (approximately 10 miles up river from Essex). There is no fee, and you can leave your vehicles. This is a concrete ramp with docks on both sides. Be aware that the ramp may be busy during the weekend. Presentation on the *Mayflower II*

We are pleased to announce that **Matthews Barnes**, a Connecticut native and Southern New England Chapter Member, will be giving a talk and Power Point Presentation on the *Mayflower II*, currently undergoing restoration at the Mystic Seaport Museum during our boat show on Saturday July 8th at the Ct River Museum.

Matt's presentation will be in the "Boat House" of the CT River Museum and will last for approximately 1 hour, with time for a Q & A session. The presentation will begin at 1:00 p.m.

Matt is a boat builder and lead shipwright for the Mystic Seaport Museum. He is currently overseeing the restoration of the 1957 *Mayflower II*, a full-scale reproduction of the original ship that brought the Pilgrims to New England and the New World almost 400 years ago. Matt will speak about the Mystic Seaport, the ships 60-year history, and her 30-month restoration at the Seaport.

Matt has been with the museum for 4 years and has worked on the restoration of the *Charles W. Morgan* and her 38th voyage. He has also worked on various other projects for the museum.

Matt is a 2010 graduate of the International Yacht Restoration School in Newport, RI. He and his wife Hadley are the proud owners of NEPENTHE, a 1948 Kettenburg 38 Sloop.

I hope you will join me on Saturday, July 8th at 1:00 p.m. in the "Boat House" of the CT River Museum to hear Matt's presentation on the *Mayflower II*!
